From the E40, take the E314 and immediately take exit 15 towards Leuven centre. Follow the road to the Leuven ring road, turn right towards Tienen and Diest. You drive past the Tiense Poort. When approaching the provincial government building, choose the right lane and continue towards the station until the end. Then carefully turn right and drive slowly, with respect for pedestrians and cyclists who cross your path here, under the pedestrian bridge (Roger Van Overstraetenplein) until you reach the railway. Now turn to the right and continue your journey along the tracks, towards the provincial house. [Read more about parking](#) in the provincial government building.

Two Belgian airports may be served from your location, we recommend you to select as your destination Brussels International Airport in Zaventem if your flight schedule allows. The airport train station is located below the terminal (basement level -1). There are regular direct trains to Leuven and the journey will take you less than 15 minutes. Trains go very frequently between 05:10 and 00:00. For train schedule and ticket sales online, see <https://www.belgiantrain.be/en>

Then there is also Brussels South International Airport in Charleroi which serves low fare airlines (Ryan Air, Wizz Air...) This airport is a long way out of Brussels and even further away from Leuven. If you happen to be arriving here, see <https://www.brussels-charleroi-airport.com/fr/parking-access#shuttle>
