**IN EDUCATION**

STUDENTS OF THE  
EUROPEAN EDUCATIONAL VIDEO CHALLENGE  
PRESENT THEIR FILMS AND  
THEIR LEARNING EXPERIENCE

# Agenda

## The European Educational Video Challenge

- General idea and intentions
- ... from the students' point of view

## And the winners are... – winning Videos from 2018

## Behind the scenes

- The idea and the process
- The learning experiences

## Join the EDIT experience – take part

# The European Educational Video Challenge

## Idea

- Promote the use of educational videos
- video pedagogy as an international task

## Framework

- Hackathon style event (only 4 days time)
- Free content, but pedagogical idea/goal must be defined in the video
- 3 keywords have to be included
- Max. length of the video: 4 min
- Only 5 videos per participating institution

# The European Educational Video Challenge

## Judgment

- International jury (1 member from each participating institution)
- Online criteria sheet
  - 10 points educational value
  - 5 points artistic quality
  - 5 points technical merits

## More information:

<http://www.editvideochallenge.org>

# Participants...

13 higher education institutions

11 countries

... and more joining every year

## Learning experiences

- What did you learn by taking part in EDIT? What are the benefits?
- What has been the most important experience in the process?
- Which competencies can be developed in the process, that couldn't be taught otherwise?
- Will taking part in the EDIT Video challenge have an effect on your future work as a teacher? In what ways?
- How important was the international aspect and the fact that it has been a competition?
